JUVE PATENT

Ukraine ~~conflict~~ War

EPO deepens ongoing support for Ukraine

The EPO has frozen its cooperation with both the Russian patent office and the Eurasian Patent Organisation as a response to Russia's invasion of Ukraine. Now the European Patent Organisation has launched a new network to better coordinate European efforts to support the country's people and industry. However, the long-term impact of the ~~conflict~~ War on the connected patent networks will not be clear for some time.
